## FIRE ON THE LEONA.

Cargo of Cotton Lost and the Steamer  
Sinks at New York.

## PASSENGERS SAVED.

It Is Supposed the Fire Had Been Burning  
for Several Days Before the  
Ship Reached Her Pier at  
the New York Port.

New York, Oct. 6.—The Mallory line  
steamer Leona was burned and sunk at  
her wharf in East river. The cargo  
consisting of tobacco and 8000 bales of  
cotton and valued at \$250,000, is a total  
loss and the boat suffered \$50,000  
damages.

At 3:30 o'clock this afternoon the  
Leona came racing up East river to her  
pier, where haste was made to debark  
the passengers and open the hatches.  
An hour later an army of men were  
vainly fighting fire in the steamer's  
hold. Finally the ship was scuttled.

As soon as the Leona made fast to  
her pier, the officers of the vessel, com-  
manded by Captain Wilder, ordered the  
members of the crew to try to put out  
the fire in the hold without calling the  
fire department. This was soon found  
to be impossible and an alarm was sent  
in. By 5:30 o'clock ten streams were  
playing from fire engines and six  
streams from fire boats. The firemen  
had a hard time trying to get at the  
flames as the boat came into the dock  
stern foremost, lifting the burning portion  
out in the water. The hatches being  
lifted, a tremendous volume of  
smoke came out, making it impossible  
for the firemen to see. Soon tons of  
water were pouring into the doomed  
vessel and the ship began to lift to star-  
board, settling a little as she did so.

About a half dozen men who were on  
the starboard side of the boat were un-  
able to get to the pier and kept right on  
working as if nothing was happening to  
endanger their lives. They kept on  
until the ship commenced to sink  
slowly and surely until, with a final  
list, she went down. The men were  
thrown into the water. Deputy Chief  
Duane and Fireman Thomas McFar-  
land of engine No. 12 had to battle  
for their lives and were rescued with  
difficulty. Duane lost his helmet and  
was dragged out more dead than alive.  
Several of the fire boats engaged in the  
working of rescuing the firemen were  
nearly carried down by the sinking of  
the Leona.

The cause of the fire is a mystery. The  
boat left Galveston Wednesday, Sept.  
27, and made her eight days run with-  
out special incident. It was said by  
one of the passengers that three days  
ago the hatches were battened down  
and upon questions being put to  
Captain Wilder he said the cause was  
the high seas. From that time the ship  
steamed at full speed toward New York,  
safely reaching here. The passenger  
said that on several occasions he had  
detected smoke, but had not thought  
particularly about it, as the captain  
said all was well. Captain Wilder  
denies that the ship was on fire at sea  
and says the first he knew of the fire  
was when her hatches were lifted after  
her arrival.

**Outraged and Murdered.**  
Maysville, Ky., Oct. 6.—The dead  
body of Mrs. James Lashbrook, wife of  
an oafish to do farmer, was found in an  
outhouse on the Lashbrook place, six  
miles from here. She had been out-  
raged and beaten to death with a club.  
The community was quickly aroused  
and after a hunt of several hours Col-  
man, who was a cook employed by  
the Lashbrooks, was arrested. Colman  
was placed in jail and confessed. A  
mob broke down the jail doors and at  
tempted to lynch the negro, but he was  
saved by an officer.

**Filipinos Ordered on Farms.**  
Manila, Oct. 6.—Aguinaldo, accord-  
ing to a report brought to Manila by a  
Dominican friar from the northern prov-  
inces, has issued orders to the Filipino  
soldiers in the northern provinces to re-  
turn to their towns and resume farming.  
The story lacks confirmation, but the  
rumor may be in accordance with Ag-  
uinaldo's policy of keeping the country  
as productive as possible by using his  
men in alternate shifts on the farms or  
under arms.

**Both Were Killed.**  
Little Rock, Oct. 5.—John J. Bowles,  
one of the best known planters in Ark-  
ansas, was killed at Reedville in a fight  
with his nephew, Edward Reed. The  
latter was also killed, both men firing  
simultaneously. The tragedy was the  
result of a quarrel over the removal of  
a wood shed belonging to young Bowles.  
John Bowles was a man of consider-  
able wealth and had been engaged for years  
in conducting plantations on the Ark-  
ansas river.

**Injuries Were Fatal.**

Hillsboro, Tex., Oct. 6.—News has  
reached here of the death of Sam Smith,  
a well to do farmer who lived near  
Itasca. His team ran away with a load  
of cotton a few days ago and he was

thrown out, falling under one of the  
rear wheels, which passed over his  
body. The bones were broken and  
crushed and he died from the effects of  
the accident.

**Alabama Farmer Murdered.**  
Hokes Bluff, Oct. 6.—Dave Naugbaum,  
a prominent farmer living near here,  
was waylaid and fatally shot while re-  
turning home from Gadsden where he  
had been to sell his cotton. Bloodhounds  
were at once put on the trail.

## VANDERBILT'S WEALTH.

**The Will Unopened Awaiting the Ar-  
rival of Alfred Gwynne Vanderbilt.**

New York, Oct. 6.—Unless the ship  
on which Alfred Gwynne Vanderbilt,  
the reputed heir to the larger portion of  
the wealth of the late Cornelius Van-  
derbilt, and which is expected to reach  
San Francisco tomorrow, is late, he will  
reach New York on Wednesday next.  
All plans and preparations for the  
speedy sending of the young million-  
aire from San Francisco to New York  
have been arranged. In case he de-  
sires there will be no stops, no delays,  
and he will come through from the Pa-  
cific to the Atlantic in quicker time  
than any passenger ever made the run.

The private car of the Vanderbilt fam-  
ily has been sent west and is awaiting  
the arrival of the new head of the fam-  
ily. He is on the China mail steamer.  
In anticipation of the arrival of the  
young man which rumor says is to wield  
the Vanderbilt millions, the connecting  
lines of the Vanderbilt railways have  
made every preparation to see that he  
reaches New York with the least possi-  
ble delay. In case he reaches the Gold-  
en Gate in time to take one of the regu-  
lar trains, there will be no special train  
If, however, he should arrive between  
trains, a special will leave for the east.  
It will follow the regular train until it  
catches it and the special car will then  
be attached to the regular train. But  
if Mr. Vanderbilt wishes to continue on  
the special it will come east.

A representative of the Vanderbilt in-  
terests will ascertain his wishes when  
he reaches San Francisco. If he decides  
on a special train one of the greatest  
runs in the history of the country will  
be made. In any event it is thought a  
special will be used from Chicago to  
New York. The distance is now cov-  
ered in 24 hours, but a special can cut off  
four hours of this time.

The arrival of Mr. Vanderbilt is  
awaited with a great amount of interest  
because soon after his arrival all guess  
work as to the contents of his father's  
will will be ended.

**Murder Trial Session.**

Pekin, Ills., Oct. 6.—A witness whose  
lips had been sealed for three years by  
fear, has told the story of Perry Green's  
murder, and as a result an additional  
arrest has been made. The disclosure  
was made by William Downey who is  
jointly indicted with John Blackburn  
and Henry Wyatt for the murder.  
Downey's testimony created a sensation  
and immediately after he concluded  
Thomas Sparrow was placed under  
arrest as an accomplice in the killing.  
Downey said he witnessed Green's  
murder. He was in the room at Delavan  
when a quarrel arose over a game of  
cards. Blackburn struck Green and  
knocked him down and then Wyatt and  
Thomas Sparrow struck and kicked him  
several times. Blackburn brained the  
prostrate man with an iron bar and the  
two afterwards placed the body on a  
railroad track. Downey said he had  
not told the story before because the  
culprits had threatened to kill him if he  
did so.

**Change of Venue for Miners.**

Marion, Ills., Oct. 6.—In the circuit  
court here Judge Vickers heard the  
pleading for a change of venue in the  
case of the People vs. William Smith,  
E. A. Durden, Arch Brazileton, Ed  
Ritchie, William Davis, Eli Booker, James  
Hicks, Isaac McKee and Thomas Jer-  
emiah, all indicted for the Lauder Station  
murder, June 30 last. In the petition it  
was claimed that a fair trial could not  
be had in this county, owing to public  
opinion being worked up against the  
prisoners. The court granted the peti-  
tion and sent the case to Johnson  
county for trial, where it will come up  
on the fourth Monday in November.

**Attacked by Apaches.**

El Paso, Tex., Oct. 6.—News comes  
from Grafton, N. M., that an old bear  
hunter named Amos Brown, whose  
cabin is on the west fork of the  
Gila river, was recently attacked  
by a roving band of Apache  
Indians. Brown defended himself from  
behind the heavy logs of his cabin walls  
and finally succeeded in driving off the  
backs, but not until one of them had  
been killed.

**Germany Pays Spain.**

Madrid, Oct. 6.—The German govern-  
ment has paid into the Spanish treasury  
\$5,000,000, the price of the Caroline is-  
land. Lieutenant General Azcarraga,  
the new minister of war declines to  
pledge himself to any definite reduction  
in the military budget. He asserts that  
he will make such reductions as are  
practicable, but not to the extent of im-  
pairing the national defense.

### Not a Candidate.

Hon. S. R. Henderson authorizes the Eagle to say that all reports to the effect that he is a candidate for State Senator, are erroneous. He desires to state absolutely, that he is not a candidate for the position named, and will not be.

Thanking a generous public for the honor conferred upon him at the last election, he further desires to state that he will not be a candidate for re-election to the office of representative of this, the 55th district. His reason for this is the sacrifice of private business is too great.

### Opening of the Grand Opera House.

Manager John B. Mike announces the opening of the Grand opera house October 13 and 14, with Mr. Edwin Sedan, "The Twentieth Century Magician." Mr. E. C. Davis, manager of the attraction says:

"In placing this, the most interesting performance now before the public, I have sought to introduce something attractive. The method, which is an entirely new one, must be seen to be appreciated, as it is an utter impossibility to describe."

"Among many of the illusions we present are the 'Enchanted Death Head,' the sensational and gorgeous 'Birth of Flowers.' The instantaneous changing of a Human being into a living, talking Skeleton." The Midnight Mysteries and Incantation Scenes of the Yogi and Hindoo of India." Closing with the 'Great Cremation Act.'" The patrons of the Grand will find a

treat in store for them with the opening of the present season, Manager Mike having been active to the end of making the present season a most suc-

### THREE ARRESTED.

Farmers Charged with the murder of the Barber Family.

Pleasanton, Tex., Oct. 6.—Deputy Sheriff McNeill captured three men he charged with the murder of the Barber family on the morning of Sept. 18. The parties live about seven miles from Pleasanton, all in the same neighborhood, and were placed in jail. All three parties arrested are white, and are farmers in this vicinity.

The only clue the officers had to work upon was the imprint of a shoe worn by one of the murderers. The parties murdered were Mrs. Jane Barber, Wiley A. and Levy Barber. The crime was committed in a little store conducted by the victims, which was situated on a cross-road about seven miles west of here. The heads of the victims had all been horribly mashed with blunt instruments.

### YELLOW FEVER.

#### Three New Cases.

New Orleans, Oct. 5.—The board of health Thursday reported three new cases of yellow fever and no deaths.

#### The Fever at Key West.

Key West, Fla., Oct. 6.—There were 15 new cases of yellow fever reported Thursday and two deaths.

#### No New Cases.

Mason, Miss., Oct. 5.—The official record for Thursday shows no new cases and no deaths. The camp of refuge, north of Jackson established by the marine hospital service has fifteen refuges in it from infected houses.

#### Testing Court Jurisdiction.

Marlin, Tex., Oct. 6.—The habeas corpus case of W. G. Tubbs vs. the state of Texas was argued before Judge Sam Scott in the district court here. The object of the case is to test the jurisdiction of the city court. Tubbs had been indicted in the city court on a charge of violating the Sunday law by selling liquor on the Sabbath. Judge Scott has not yet rendered his decision. The result of the trial is awaited with much interest.

#### Subscribed \$50,000.

St. Louis, Oct. 6.—The Illinois Central Railroad company has subscribed \$50,000 toward the \$5,000,000 stock fund of the St. Louis world's fair, celebrating the Louisiana purchase centennial, to be held in 1903. This practically insures the full subscription of \$1,000,000 from the steam railroads and kindred interests and makes the speedy closing of the fund a certainty.

#### Rate on Oats Raised.

St. Louis, Oct. 6.—The Houston and Texas Central and Southern Pacific Railway companies have issued notices, advancing their rates on oats in carloads from all points in Texas on their lines to Mississippi river crossings, 2½ cents per 100 pounds, and information has been received to the effect that the Cotton Belt has taken similar action with regard to its tariffs.

#### Crocker Homestead Donated.

San Francisco, Oct. 6.—The Crocker estate composed of the heirs of the late Charles Crocker, one of the builders of the Central Pacific railroad has made a gift to the employees of the Southern Pacific railway of the Crocker homestead at Sacramento, to be used as a hospital for Southern Pacific employees. The building with the ground on which it is situated is valued at \$250,000.

#### What the Bale Brought.

Austin, Oct. 6.—A check for \$250 was received at the governor's office from the Liverpool cotton exchange, the sum being the proceeds from the auction sale there of the San Patricio county cotton bale for the benefit of the Brazos river flood sufferers. The total amount of money derived from the auction sales of the bale in New Orleans, New York and Liverpool is \$2569.

#### Two Brothers Shot.

Beaumont, Tex., Oct. 6.—Information was received here of a difficulty which occurred at Hillister, a tie camp on the Sabine and East Texas railway, in which two brothers named Rudd were shot. One of them, W. L. Rudd, is fatally hurt, but the other one, whose full name could not be learned may recover. The trouble occurred at a wedding of a sister of the Rudd brothers.

#### Department of the Gulf.

Washington, Oct. 6.—The secretary of war has issued an order discontinuing the military department of the gulf and merging it into the department of the east under command of Major General Wesley Merritt, headquarters at New York. The headquarters were at Atlanta, Ga.

#### Gored by a Bull.

Dallas, Oct. 6.—Alex Johnson, a Swede, who gave Nacona, Tex., as his home, died at the city hospital from injuries inflicted by an infuriated bull. His body is being held at the undertaker's awaiting instructions of friends in the Indian Territory.

#### Ex-Senator Harlan Dead.

Des Moines, Oct. 6.—Ex-United States Senator Harlan died at Mount Pleasant, Iowa, aged 79. He was secretary of the interior in Lincoln's second cabinet and for four years was chief justice of the court of commissioners of Alabama.

#### Died from His Wounds.

Quinlan, Tex., Oct. 6.—Dave Platt, who was shot in the head on Sept. 30, died of his wounds. A warrant has been issued charging George Stanley with murder. Stanley has not yet been arrested.

#### Three Transports Sail.

San Francisco, Oct. 6.—The transports City of Para, Zealandia and Valencia sailed Thursday night for Manila with the Twenty-ninth regiment and 500 recruits.

### WARSHIPS.

Several Have Orders to Go There After Getting Needed Repairs.

Washington, Oct. 6.—The vessels which have thus far received orders for Manila are: Armored cruiser Brooklyn, en route to Hampton Roads, proceed to New York for repairs and fitting out and changes in personnel.

Protected cruiser New Orleans, en route to Hampton Roads, proceed to New York for repairs and changes in personnel.

Gunboat Nashville, now at Santo Domingo, proceed without delay to Manila via the Suez canal, stopping at San Juan for coal and needed repairs.

Auxiliary cruiser Badger, now at Mare Island, prepare for orders to proceed to Manila.

The other vessels which will be sent to Manila are protected cruiser Albany and the gunboats Marietta, Machias and Bancroft. Of these the Albany is now being completed in England. Her officers and crew will be sent to her about Jan 14, and she will proceed at once to Manila. The Marietta is now at Washington under orders to proceed to the mouth of the Orinoco. She will probably carry out the orders returning when relieved to prepare to join Admiral Watson.

The Bancroft is at Boston, and practically ready for service.

The Machias is now at Washington, and after needed repairs she can leave with little delay.

With the exception of the Albany and the Marietta all of these vessels can leave for Manila within a month. Admiral Dewey has impressed upon the authorities the need of haste and they are proceeding accordingly. The department may later decide to send additional vessels of the auxiliary gunboat class. The admiral has pointed out the desirability of large vessels, saying there is danger of the small gunboats being captured.

There is no change in the administration's purpose not to issue a formal blockade proclamation, although it is appreciated that the maintenance of a municipal blockade may involve the government in controversies with foreign nations whose ships may be held up outside the 3-mile limit, and that such nations may go so far as to press claims for damages. Admiral Watson will, however, issue orders which, if obeyed, will avoid all cause for trouble.

When the eight vessels named reach Admiral Watson he will have under his command one battleship, two monitors, one armored cruiser, seven protected and auxiliary cruisers and 27 gunboats including the vessels bought from Spain by General Otis. The United States will then be superior in naval strength in the Pacific to Russia, which stands next to Great Britain.

#### Has Hoisted His Flag.

New York, Oct. 6.—Rear Admiral Schley has raised his flag on the cruiser Chicago at the Brooklyn navy yard, taking the quarters of Rear Admiral Howison. The Chicago will remain at the navy yard for some time. Her conning tower is to be removed and in its place a chart house is to be built on the bridge. The walls of the conning tower are so thin that they afford no protection to the men inside.

#### Dismissed the Suit.

Austin, Oct. 6.—In the supreme court the petition of the Texas Planters' company, chartered under the laws of West Virginia, to compel D. Hardy, secretary of state, to issue said corporation a permit to do business in Texas, was dismissed at cost of plaintiff at the request of its attorneys. The charter of this corporation as presented to the secretary of state for filing, but which was refused, shows that the corporation is organized for the construction, maintenance and purchase of cotton compresses and that it has 30,000 shares of outstanding stock, 881 of which are owned by 35 individuals and the remaining 29,169 shares are owned by another corporation, the Planter's Compress company, of Boston, Mass. Thus more than 95 per cent of the stock is owned by another corporation and less than 3 per cent by individuals.

#### Liquor License Decision.

Fort Worth, Tex., Oct. 6.—Judge Meek, in the Federal court rendered a decision in a test case of great interest to all wholesale liquor dealers in the state. Some time ago a local wholesale liquor dealer was arrested for shipping a package of goods C. O. D. into Eastland county without taking out a license in that county. The legal point involved was as to whether the sale was made in this county or in Eastland, the point of delivery. The defendant's contention was that the sale was consummated at Fort Worth, and the court agreed with the counsel in this contention.

#### The Cotton Convention.

Atlanta, Oct. 6.—James Barrett of Augusta, chairman of the committee of arrangements at the cotton convention to be held at Atlanta on Oct. 25, announced the programme of gathering. The papers on the subject pertaining not only to cotton growing and marketing, but farming industry in all branches will be read by commissioners of agriculture from nearly every Southern state. One of the subjects of the convention will be to prevent an early marketing of a cotton crop and a general discussion to this end will be held at the close of the convention.

#### Lighted His Own Funeral Pyre.

Toledo, O., Oct. 6.—Louis Westerman lighted his own funeral pyre at the county infirmary by starting a blaze in a haystack with his pipe. As soon as the flames spread, he jumped in. He was burned to death, and \$500 loss to a barn and implements was entailed before the flames were extinguished.

## Soap Talk!

DO YOU KNOW how to judge a pure soap? A soap to be just right must leave the skin as before using, and to do this it must be neutral—no excess of alkali. We have made soaps, especially toilet and medicinal, a study, so you take no risk in buying them of me—no higher than elsewhere. We have just received a new stock of delightful soaps, including Crushed Roses, Crushed Lillies, Crushed Lilacs, Crushed Violets and the well-known La Tosca. These goods are the very best, and cannot help please the most fastidious. Come see me when you need SOAP.

We do not try to impress the public how cheap we can prepare a prescription; rather how well, how true, how accurate. Our prices please too. Bring them to me and the results will bring you back again.

## NO FIGHTING AS YET.

Boer and British Forces Still Apart  
in South Africa.

## THE HOPE FOR PEACE

Diplomats Working Hard to Bring the  
Two Factions to an Understanding—Chamberlain Not Dis-  
posed to Yield.

London, Oct. 6.—All reliable intelligence from South Africa points to a continuance of the existing situation for some time as both sides are apparently different about commencing an attack, although from dispatches received here it seems that every movement of the patrol and every cloud of dust made by a herd of cattle is turned into a general advance by both armies. The delay is all too good as it gives time for further negotiations, and indications apparently show a willingness on the part of the British government to continue to utilize diplomacy.

A well defined conviction is prevalent that the foreign office is trying to discover a way out which has been created by the admitting of mistakes and miscalculations, and it is evident peace advocates and peace counsels are gaining ground. However, Mr. Chamberlain's refusal to seize the chance given him by the petition of 58 members of Cape house of assembly point out, and in reply he says the Boers still have an opportunity of accepting Great Britain's previous offer so long as her new proposals remain unformulated, which seems to show a personal determination on the part of the secretary of state for colonies, not to yield an iota in the interest of peace.

While distaste for war is evidently increasing in Great Britain, dispatches from the scene of possible hostilities grow more and more lurid. Advices from Pretoria describe the Transvaal organs as crying for impossible terms and President Kruger, as referring to the prospective struggle as a means of settling the republic question totally free of England.

It is also said, according to advices from the same point, that the Boer forces at Volksrust are advancing to the Natal border and according to General Symons, although Commander General Joubert is personally averse to hostilities, and his patient tactics will not last as the Boers will soon either demand to be disbanded or receive orders to invade Natal.

Ejecting Kaffir Miners.

Johannesburg, Oct. 6.—The government is ejecting thousands of miners from Rand and sending them into the northern districts of the Transvaal, in order to avoid a collision with the whites in the event of war.

The Irish corps, supporting the Boers, have started for the frontier.

### Congratulated the Burghers.

Bloemfontein, Oct. 6.—President Steyn in addressing the commando in Market square Thursday, congratulated the burghers on the rapidity which they responded to his call. He said the Orange Free State did not intend to make an attack, but it will defend its cherished rights. The enemy is strong, but if that enemy crossed the border it will be met by a determined resistance. In concluding he exclaimed: "We will be fighting for independence in our state."

### Victim of Cannibalism.

Vancouver, Oct. 6.—A remarkable story of cannibalism was brought to Sydney, Australia, a few days before the sailing of the steamer Aorangi to this port by the French steamer Jeanette. The victim was a native of Hawaii named Amaru, who acted as orderly to the immigration department at Noumea, New Hebrides. About six months ago Amaru married a native woman of Aoba in the New Hebrides group and later decided to visit his wife's tribe. The couple landed on the unfriendly side and were taken prisoners. The man was tied to a stake and tortured. He was finally killed and roasted with two sheep and a feast held. In the meantime Amaru's wife had been provided with a second husband. The matter has been reported to the British man-of-war.

### First Railroad in Hawaii.

Chicago, Oct. 6.—Through the efforts of a Chicago man, Herbert D. Gehr, a company has been formed which proposes to build the first railway on the island of Hawaii. The charter for the Kohala Hilo railway company, as the new corporation is known, was obtained from President Dole by Mr. Gehr on June 26. The capital stock of \$3,000,000 has already been subscribed, the greater amount being taken in New York and Boston. On Oct. 24 Mr. Gehr will return to Hawaii with an engineer for the final consultation with Engineer Bishop, who is now surveying the route.

### To Carry the Exhibits.

New York, Oct. 6.—The auxiliary cruiser Prairie is in drydock at the navy yard, being fitted out to carry the United States exhibit to the Paris exposition. It is expected that the Prairie will be ready for service about Oct. 15. The navy department has informed Ferdinand W. Peck, the United States commissioner general to the exposition, that the Prairie has been placed under his direction for use by the United States commission.

## CRANE NOMINATED.

Republicans of Massachusetts Place Him in the Race for Governor.

Boston, Oct. 6.—The Republican State convention for the nomination of candidates for state offices was held at Music hall today. Unusual interest developed in the convention sometime ago owing to the contest between General Curtis Guild, Jr., and Hon. John L. Bates, speaker of the house of representatives, for the nomination for lieutenant governor, but caucuses which resulted in favor of Bates, was followed by General Guild's withdrawal. The convention was called to order by A. H. Goetting, retiring chairman of the state central committee.

W. Murray Crane was nominated for governor, John L. Bates for lieutenant governor, and H. M. Knowlton for attorney general.

The platform congratulates the administration, pledges the party to the gold standard, opposes trusts, and favors a wise and economical government for the Philippines.

### Silver Clause Omitted.

Chicago, Oct. 6.—A special to The Record from Danville, Ills. says when the committee on constitution reported at the third day's session of the Illinois State Federation of Labor it was found that the sixth clause of the platform declaring for free coinage of silver at a ratio of 16 to 1, was left out and although Delegate Jones of Chicago called attention to the omission, the new constitution was adopted without a dissenting voice. The committee also failed to report back the old clause in the constitution providing for initiative and referendum.

## COMPLIMENT FOR DEWEY.

Spanish Minister Says He Is a Great Fighter and Deserves Honor.

Boston, Oct. 6.—The Spanish minister, Duke de Arcos, who has just left his summer home at Manchester said with regard to the receptions being given to Admiral Dewey:

"It does not surprise me in the least. Admiral Dewey is a brave and noble man, and for the extraordinary service he has rendered his country, no honor that can be shown him in return is too great. He has aroused the admiration of the whole world by the gallantry of his conduct, and he would be a small man, indeed, who could not recognize his merit and give free expression to his admiration for Dewey's valor."

The minister was emphatic in expressing the opinion that the very best of feeling existed between the United States and Spain.

"There are absolutely no difficulties between the countries on any point," he said. "Certainly," he continued, "it is the hope of all true Spaniards that this condition should exist, and as for myself, as the official representative of the queen regent, it is the ambition of my life to bring about the very utmost of good feeling and good will."

### NO DRUMS NOW.

Volunteers of America Will Use None in Their Street Rallies.

New York, Oct. 6.—At the opening session of the grand field council of the Volunteers of America, convened at Blue Point, and composed of the officers of the highest rank from all parts of the country, presided over by General Wellington Booth, the following resolutions were unanimously adopted:

"Resolve that in view of the conflict with the civil authorities on the part of other organizations and in view of our strong desire to respect and uphold the municipal laws, we authorize that the use of the drum be abandoned both outdoors and in connection with the whole movement, except with a brass band, a fife and drum corps, or at the head of a parade officially authorized by the sectional officer. It is recommended however that in place of a drum, a cornet, small organ, concertina, guitar, or other stringed instrument, be used.

### Maricopa at New Orleans.

New Orleans, Oct. 6.—The special train bearing Vice President Ignacio Mariscal of the republic of Mexico with his staff and suite en route to Chicago, arrived in this city and were met by a large delegation of leading citizens. The entire party were driven in open carriages and received a hearty welcome.

### Chicago's Distinguished Guests.

Chicago, Oct. 6.—Don Manuel de Aspicio, the Mexican ambassador to the United States, and the first of the distinguished guests whom Chicago has arranged to entertain during the fall festival, has arrived here from Washington. He was escorted to the auditorium of the Annex by troops of the First Illinois cavalry and the Mexican national band.

President McKinley will be greeted at Galesburg, Ills. Premier Laurier and party this side of the Canadian line and Vice President Mariscal of Mexico at Mattoon, Ills.

### Cured by X Rays.

Chicago, Oct. 6.—Harriet Heilbuth, 7 years old and for two years blind and a paralytic has had her sight and the use of her limbs restored through the agency of the X ray. Her affliction was caused by a fall resulting in a tumor on the brain. This was located by means of X rays.

### Struck by a Handcar.

Beckville, Tex., Oct. 6.—The handcar that brought the mail through from the wreck at Cherokee bayou, 10 miles north of this place, ran over an old man who was crossing a trestle seven miles south of town, knocking him off the trestle and producing injuries from which he will likely die.
